

BASIC TRAINING FOR OIL AND CHEMICAL TANKER CARGO OPERATIONS w/ COP

■ Scope

This course provides training for seafarers assigned with specific duties and responsibilities related to cargo and cargo equipment on oil or chemical tankers. It comprises a basic training programme appropriate to their duties and responsibilities, including characteristics of oil & chemical tanker cargoes, their associated hazards, safety measures, pollution prevention, emergency operations, cargo equipment and operations. The course takes into account the provisions of Section A-V/1-1-1 of the STCW Code adopted by the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 2010.

■ Objectives

Provided they hold an appropriate certificate and are otherwise qualified in accordance with regulation V/1-1-1 of the International Convention on Standards of Training, Certification and Watchkeeping for Seafarers, 2010, those successfully completing the course should be able to contribute on the duties and responsibilities related to cargo operations and cargo equipment, as specifically assigned to them.

Duration: 47 HOURS
